

**January 2004 Monthly Report**  
**From the Aten Principal Herald**

Unto Master Francois la Flamme, Laurel King of Arms, Their Royal Majesties of Atenveldt, Jonathon and Deille; and Duchess Katerina O'Callaghan, Kingdom Seneschal, doth Lord Seamus McDaid Corona Herald, send Greetings this 15th day of January, 2004 being XXXVIII in the Year of the Society,

Here begins the January 2004 Monthly Report from the Corona Herald for the Aten Principal Herald Recounting Heraldry Activity within the Kingdom of Atenveldt for the Month of December 2003.

**Summary**

The branch of the Burning Sands has been reactivated. I am waiting for a response from their seneschal on the contact info for their Herald.

The three Colleges came off summer hiatus in September and I have heard back from all of their seneschals. None of the three Colleges currently have a Herald.

I have still not received any additional warrant information. I hope to solve this problem once a new Aten Principal Herald is selected.

### **Scribal Issues**

The Kingdom Scribes Office is now a lesser kingdom officer reporting directly to the Seneschal.

### **Submissions**

Mistress Marta, Parhelium Herald, continues to prepare LOI's and has been forwarding our submissions to Laurel. Consultation Table at Estrella War: Yes, there will be one. I'll let you know the schedule in the next report. I suspect that it will run Thursday-Sunday, as it has in past years. This is a great opportunity to get "in the trenches" armorial experience, to meet heralds from a number of other kingdoms, and to meet the Laurel Queen of Arms Designate, Mistress Shauna of Carrick Point.

### **The Order of Precedence**

Viscountess Hastini, Abacus Herald, continues maintaining our Kingdom OP. Her Excellency has been out of town on family matters. Lord Stefan of the Close has been updating the OP in her absence.

### **Other Points of Heraldic Interest**

In general, All of the local groups have been reporting on time. We had a few kinks but those have been resolved. If the group is late with their report I am still sending a reminder letter on the 5<sup>th</sup> of the month to both the group herald and the group seneschal. I hope to include a complete roster of all warranted heralds in the kingdom in my next report. If any who read this report have questions, concerns or inquires, please do not hesitate to contact the relevant deputy or me.

Thus ends the January 2004 Monthly Report for the Aten Principal Herald.
