

Scroll Test for Commander of the Queen's Cypher

Text by Ritchyrd McUath:

There are many tasks to perform for the smooth running of a Kingdom, each one is needed and the Service is so valuable that We as Queen seek out and reward those engaged in such good works. There are also some for whose service We need not look far, in meeting the needs of the Crown. Our subject has made great sacrifices and for this We wish to express Our gratitude, therefore, We name

as a Commander of the Queen's Cypher.

In witness thereof do We set Our Hands on this _____ day of _____
Anno Societatis _____, which is _____ in the Common Era.

Regina Atenveldtus
